VIRGINIA'S REPLY TO THE VOTE OF OCTOBER, 1867.

BY MARGARET J. PRESTON.

Confess that thy spirit is broken,
Sad mother of heroes, avow
That in present or future no token
Of promise remains for thee now;
All losses—woe, want, devastation,
Thy soul in its silence could bear;
But in insult, disgrace, degradation,
Must wring the dumb groan of despair!

I—faint in the day of my trial
I—phy or condolence crave—
Hurl back the indignation denial
Right full in the face of the slave!

Go march 'gainst 'Millards' glory,
A1 the heroes of the Heiois of yore—
Go read the magnificent story
Of Lee and Jackson once more!

When the Senate shall throb with a thunder
That rivals a burst of a clay;
When the galleries stir with a wonder,
That steals half their senses away;
When a Wirt-like persuasion shall linger
In the ear as an exquisite strain—
When Randolph's keen, quivering finger
Seems flashing invective again;

When some patriot's fame shall be fairer
Than the age of Washington saw;
When a legal sagacity rarer
Than Marshall's interprets the law;
When grander than Henry in power
Unmaking the shame of the hour,
With the double edged-blade of his wit;
I shall sink in despair of the ages,
Confessing their failure and wreck,
Provided these statesmen and sages,
These patriots and school-ma, are—black!

When the dogs of Ashango, the torrid,
Drive the Saxon bear back to his den—
In the dust I shall bury my forehead,
And die there—but never till then!

SOMEbody has discovered that Adam
was 123 feet high, and Eve 118 feet.

When a Hottentot widow marries she
is compelled to give her husband a joint
from one of her fingers.

A once prominent and talented Cincin-
nati lawyer is now wandering hatless in
the streets of London.

When Adam got tired naming his de-
scendants, he said, "Let all the rest be
named Smith."

The entire assets of a recent bank-
rupt were nine children. The creditors
acted magnanimously, and let him
keep them.

OVER nine thousand dollars have been
paid by the State of Wisconsin since
last April for wolf scalps, lynx and wild
cat bounties.

THE Paris correspondents state that
the Austrian Emperor, at the grand din-
ner given him by Napoleon, picked
chicken bones with his fingers. High
authority for so convenient a practice.

FUNNY WILL—"I will bequeath," said
an Irishman in his will, "to my beloved
wife, all my property without reserve,
and to my oldest son Patrick one-half of
the remainder, and to Dennis, my
youngest son, the rest. If anything is
left, it may go to Turrence McCarty, in
Sweet Ireland."

SATURDAY FEB. 15, 1868.

Too Bad.—Gen. U. S. Grant, the profound statesman and scholar, who, in all probability will be the Republican party candidate for the Presidency, in a recent letter to the President, whines worse than a whipped school boy, because he believes (some leading radical having told him) that the President was trying to lead him into some violation of the law, so as to ruin his character and reputation and blast his hopes of Political advancement. Too bad—too bad.

An Offset.—The members of the Legislature from the "cow counties" have introduced bills donating the State's portion of the poll tax to their respective counties. They are playing to get even out of the mining counties. They need watching.

TELEGRAPHIC SUMMARY.

The ships Dexter and Blue Jacket have sailed from New York for San Francisco having on board thirty-six Parrott guns, large quantities of powder, shells, shot, medical stores, etc. Gen. John O'Neil was inaugurated President of the Fenian Brotherhood on the 1st. The steamer Sherman was burned at Evansville on the 2d. Eighteen prisoners escaped from the jail at St. Joe, Mo., on the 1st. The Feb. statement shows an increase of \$20,000,000 in the public debt. The bonds of the Central P. R. R. Company are meeting with a ready sale in the East. Changes in the Cabinet will soon be made. The gale which passed over England on the 1st. was very disastrous. The Abyssinian expedition is said to be a failure this year. Louis Napoleon is going to Constantinople to see the Sultan. The revolution in Peru has triumphed over Padro. Spain is raising a legion for the protection of the Pope. Rates of insurance have been increased in Chicago since the late fire, twenty-five per cent. The President has removed Rollins, I. Rev. Commissioner. 80 illicit distilleries have been seized by the Gov. in South Carolina. The President will soon reorganize the military districts. Thorton the new British minister, was presented to the President on the 7th. A nigger row occurred in Savannah on the 4th. A committee has been appointed by the House of Representatives to investigate certain charges against Judge S. J. Field. The Fenian disturbances still continue. A Republican convention in N. York declared a preference for Grant and Fenton, for President and Vice P. A. like convention in Pa. declared in favor of Grant and Grover. Thirty persons perished from the cold in Newfoundland during the past month. The new constitution in Alabama has been defeated. Out of 5,000 votes polled in Mobile, only 45 were cast by white men. The Suez canal will be opened for the largest ships on the 1st of Oct., 1869. A lunatic asylum at Rochester, N. Y. was burned on the 6th and four of the inmates perished in the flames. The Freedmen in North Carolina are in a starving condition. W. T. Turner has been confirmed Chief Justice of Arizona. Minister Adams has resigned. It is reported that Seward will be appointed as his successor. The total expenses of the Government for the year 1868 are estimated at \$375,000,000. The President and Sec. McCullough have quarreled and it is expected that the Secretary will be removed. The Union Pacific R. R. is completed 40 miles west of Cheyenne. Grant, poor fellow, has come to the conclusion that the President intended to lead him into some violation of the law for the purpose of destroying his reputation. Congress will remain in session until May. Chief Justice Chase has expressed his opinion that the reconstruction measures of Congress are unconstitutional.

FOREIGN MINERS' LICENSE.

The bill before the Legislature giving to the mining counties the State's portion of the foreign miner's license is one that is eminently just and proper, and we hope that it may become a law.

If we must tamely submit to the constant and increasing immigration of the Chinese to our shores—filling up every gulch and ravine to the exclusion of our citizens, working diggings now that white men in a few years would be glad to accept—we say it is but right that the counties that have to suffer this constant depletion should receive the entire benefit of this tax. In the agricultural counties the Chinamen are more permanently located, their property if they have any, is visible and is subject to taxation, whilst in the mining counties it is a notorious fact, that they pay little or no property tax and the only recompense we get for permitting these swarms of Celestial heathen coming here and working out our mines and taking the proceeds back to China with them, is simply one-half of the four dollar per month which they pay with a great deal of reluctance and oftentimes evade entirely through the negligence or inefficiency of the collectors.

It is a fact patent to all, that the assessments rolls in many of the mining counties are decreasing every year; it must necessarily be so; as fast as our mines fail capital is withdrawn, property once valuable ceases to have any value whatever, and in time many of the counties now heavily burdened with debt will find it impossible to meet their demands without resorting to an increase of taxation which will be more than they already over taxed people can bear. This state of affairs is but partially applicable to this county from the fact that we have a large agricultural interest which is in a very flourishing condition; our mines are being successfully worked at the present time and will continue to increase in value for years to come; besides, we are financially, in a better condition than almost any other mining county in the State, our debt is comparatively small and by judicious management on the part of the Board of Supervisors, can be entirely wiped out in another year; but there are many counties that can not boast of the same state of prosperity, and it is to those that the bill which the Legislature has under consideration will afford material relief. It will add several thousand dollars to the revenue of Plumas county and will be an act of justice long withheld from us.

BACKBONE.—If Andy Johnson, is possessed of a stiff spinal column, now is his time to make the people of the United States—especially the Radicals—aware of that fact; if he has any stamming about him, he will never allow E. M. Stanton, that dispirited, detestable lickspittle, spy and tool of purjured scoundrels, to again assume the duties of the office of Secretary of War.

The cry of "impeachment" has been used as a scare-crow by the Radicals long enough, and we hope, and the signs of the times indicate, that from this time on, there will be no more cringing on the part of the President for the purpose of soothing the hatred the leading negro-worshippers have for him. Let the President but do his duty, fearlessly and manfully, and the people will sustain him. The present Congress dare not impeach and attempt to forcibly remove Andrew Johnson. Senator Wilson seems to be anxious for a "little more bloodletting," as it would be "beneficial to the country." Let his party in Congress make but one slight incision, and, unless we mistake the feeling of the people, they will get their fill, and that in a very short time.

POTNAM'S MAGAZINE.—We have received from the Publishers for the Pacific coast—Messrs. H. H. Bancroft & Co.—the February number of Putnam's Monthly. Among the contents are the following: True True—A novel, chap. 3 and 4; Broadway—A poem; Dante and his latest translations; Diary of James Fenimore Cooper; A talk with our next President; The Mystery of the Guided Cameo; Hiram Fruit; The Coming Revolution in Europe, (an able article); Making the Most of One's Self; Life in the Great Cities, Rome; A sea view; The Venus of Milo; Fitz Green Halleck; The Outcast, etc., etc. That Putnam's Magazine is to be the leading literary Magazine of the country, we have no doubt. Its list of contributors is very large, and includes many of the best writers of the day. Typographically speaking, it will compare favorably with any of the Monthlies. Terms, \$1 per year. Subscriptions for the Pacific Coast, must be sent to Messrs. H. H. Bancroft & Co., San Francisco.

STRA.—The "insurance war" still continues. The proposed law, which provides for the appointment of an Insurance Commissioner, is adding fuel to the flame and the fight is getting to be quite interesting.

There are 700,000 drunksards in the United States.

STATE NEWS SUMMARY.

Al Gee split Ah Chins' head open with a hatchet in S. F. on the 4th. J. H. Williams has been arrested for attempting to pass \$100 counterfeit greenbacks. A pack train belonging to Dan Hagan, while encamped in Canon Pass, Arizona, perished from cold on the night of the 12th ult. Two Chinamen were whipped to death near Dutch Flat, a short time since. They were caught in the act of robbing a train. The San Joaquin Valley R. R. Co. have filed articles of incorporation. V. E. Howard and Gen. Winn have purchased an interest in the Evening Dispatch; it is to be published as a Democratic paper. A duel between two prominent citizens of S. F., is on the tapis. A lady is the cause of it. Gov. Haight vetoed the bill granting a portion of Yosemite Valley to Hutchings & Lemmon. Wm. Cooper was shot by a man named Du Bois, near San Jose on the 29th. Improper intimacy between Cooper and a daughter of Du Bois was the cause. Egan Gray was shot by W. Fox at Central Hill, on the 25th ult. Fox's wife had deserted him and was living with Gray. Not satisfied with having robbed him of his wife, he forcibly took away a daughter of Fox. Since that time, reports of improper intimacy have been in circulation, which so worked upon the father's feelings that he wreaked revenge upon the seducer as above stated. A promising discovery of cinabar has been made in Sonoma Co. A Haunted House is the latest sensation in S. F. Real estate sales in S. F., last month, amounted to \$1,800,000. Several boys under 12 years of age, sons of respectable parents, have been arrested in S. F., for committing a large number of burglaries during the last three months. Capt. Edgeton of the schooner Alaska, was fatally stabbed by a hawker woman found in his bunk—the murderer escaped. Elder Kripp has gone to S. F. On the 29th of January, there was \$1,913,344 95 in the State Treasury. The young lady in Nevada, who sold Cullen for damages for breach of promise, has received the \$2,000 awarded her. The Grand Jury of Contra Costa Co. found 963 indictments against the spectators of the Chander-Harris prize fight. H. Whipple, teamster, committed suicide in S. F. on the 4th inst. Daily prayer meetings are being held in Marysville. A bill is before the Legislature for the removal of the County Seat of Butte to Chico. The Marysville Land Office, after having been closed two months, is again opened. L. B. Ayers was reappointed as Receiver. John Munson, while driving out on the Cliff House road with a prostitute in a carriage, the breeding broke while going down hill, the horse ran away and Munson was killed and the girl fatally injured. Tom Alcorn and Ed Hanna got into a dispute over a game of cards, at Grass Valley; they quit the game and soon after met, when Hanna shot Alcorn with a shot gun, killing him instantly. The Oct. rioters at S. F. have been arraigned before the District Court of S. F. A plea of not guilty was entered. Miss Brannigan & Harriet Skilton have been arrested in S. F. on a charge of conspiring to ruin two young girls. A violinist wing is getting to be common in S. F. God in N. Y. on the 7th was 142 1/2; Green back in S. F. 70 1/2; Wheat \$2 50 and \$2 70, Barley \$1 75 and \$1 90.

The Legislature.—But few laws of a general character have, as yet, been passed by the Legislature. A large number of special bills, private franchises, county enactments, appropriations, relief bills and road laws have been passed. Of these hundred and fifteen bills in the Assembly and two hundred and seventy in the Senate, but twenty-one had, up to the 4th inst., received the sanction of the Governor. The Legislature accepted an invitation to visit San Jose on Sunday last. A bill for the removal of the county seat of Butte county from Oroville to Chico, was indefinitely postponed. That action settles that subject for the present session. An eight hour law, to go into effect on the 15th of July, is now before the Assembly and will doubtless be passed. The further consideration of the bribery subject has been postponed by the Assembly. The State Capital removal question is giving the people of Sacramento great uneasiness. The Assembly bill changing the time for assessing and collecting the taxes, has passed the Senate. The Governor has signed the bill. Petitions for and against the repeal of the Sunday law are daily presented to the Legislature. A bill has been passed giving Body, if the Monitor newspaper, which was destroyed by a mob in S. F. \$5,000 damages. A general fee bill for the whole State, to take effect in 1870 has been introduced. It reduces the present rates of fees allowed to county officers, at least one-half. It should become a law.

FOR CHASE.—The new reconstruction measures of Congress were gotten up for the sole purpose of assisting Chase to secure the nomination for the Presidency. His friends are anxious to have the "wayward sisters" restored to their place in the Union as soon as possible, so that their delegates can be admitted into the convention which meets in May. The ultra, dyed-in-the-wool radicals do not relish the idea of giving Grant the nomination. A lively fight may be looked for. Go it, ye cripples.

A CRISIS.—The N. Y. Herald of a recent date, in viewing certain acts of Congress, says: "From the movements in Congress and other foreshadowings, and from all the signs of the times, we may, we think, safely hazard the opinion that we are upon the threshold of the most momentous events in the history of the United States."

MORE.—Congress has decided to issue \$160,000,000 more greenbacks. The expense of sustaining several hundred thousand niggers is more than they calculated upon. The niggers can stand it.

FOR PRESIDENT.—The S. F. Evening Dispatch favors the nomination of H. H. Haight for the Presidency. We second the nomination.

A bad husband beats a wife, and a bad wife beats the devil.

LOCAL ITEMS.

OPENED.—Hughes & Fox, opened the new saloon at Cherokee, on Thursday of last week.

AT WORK.—All of the companies at Sawpit with the exception of the New York, are at work taking out pay dirt.

MAIL ROUTE.—The Postmaster General advises for proposals to carry the weekly mail between Susanville and Surprise Valley.

ELECTOR.—Among the list of names mentioned by the Sac. Bee for Presidential Electors, we notice that of J. R. Buckbee, of this county.

TAXES.—The District Attorney is "rattling the dry bones," or rather he is getting after the delinquent tax payers with a sharp stick.

DENTISTRY.—Dr. Dempster has returned to Quincy, and can be found at his Office in the Plumas House, by all parties who need his professional services.

BAD AIR.—Owing to bad air in the main tunnel, the New York Co., at Sawpit, have been obliged to suspend work for the present. They will run an air shaft immediately.

NO PLANK.—The frame of the Genesee and Taylorville bridge is in its place, but the saw mills have frozen up and no plank to cover the floor can be procured at present.

SCRIP.—Mr. Price, the Treasurer, is redeeming all warrants on the County General Fund, registered prior to Aug. 6th, '87. On the Indigent Sick Fund, prior to May 9th, and on the Road Fund, prior to May 10th.

JUST SO.—A correspondent of the Independent, writing from the Capital, says: It is seldom that four such heads as Buckbee, Dwinelle, Brown of Contra Costa, and Westmoreland are seen at once in any body.

PERSONAL.—We hear that L. C. Corey, formerly of this town, is one of the proprietors of the Yolo County Democrat, a staunch and true Democratic paper, published at Woodland, Yolo Co.

LOOSER.—A destructive fire occurred in Susan on the 4th inst., destroying \$25,000 worth of property. Among the signers of a card published in the Press, we notice the name of L. J. Harvey, formerly of this county. His loss is not given.

FOR LETTERS.—Joseph Kerr has filed his petition in the Probate Court, praying that letters of Administration upon the Estate of Samuel Kerr, deceased, may be issued to him. The hearing of the petition has been set for Saturday the 22d inst.

ALTERAS.—Among the bills recently introduced in the Assembly, was the following, by Hon. M. Battelle: "An Act to restore the county boundaries of the counties of Sierra, Yuba and Plumas." Referred to Committee on Counties and County Boundaries.

REFUSED.—The Supervisors refused to make any appropriation for the building of a bridge on the East Branch, at Soda Bar. The Board also refused to make any appropriation for repairs on the bridge over Spanish Creek in this Valley. A hint they rather partial in making "donations from the County Treasury." It looks that way.

SALE.—T. F. Hersey, Administrator of the Estate of F. Kline, deceased, gives notice that he will sell all of the personal property said Estate, at the Plumas House, on Monday the 24th of February, at 2 o'clock P. M. The property consists of watches, rings, pins, chains, pencil cases, &c.

PROPOSALS.—Proposals for building a new roof on the Jail in accordance with specifications on file in the Clerk's Office, will be received by that office, until the meeting of the Board in May, at which time the proposals will be opened, and the contract awarded to the lowest bidder—provided he is not a Democrat.

WHY NOT.—In looking over the proceedings of the Legislature, we notice Acts introduced to more clearly define the powers and duties of the Boards of Supervisors of certain named counties. As the Supervisors of this County do not seem to understand the present law applicable to Supervisors and their duties, would it not be well to have some such bill passed for their benefit.

CRAZY.—There is a "Living Spirit," the "well wisher of all," residing in the vicinity of Indian Valley, who should be examined on a charge of lunacy. From all accounts he is a fit subject to be confined in the Insane Asylum at Stockton. If he isn't crazy, he is a little "spoony" on love affairs, and if let alone, will soon be hopelessly insane. Some one ought to take charge of that "spirit."

LARGE EXCISE.—The Supervisors levied a poll tax of four dollars on every person in the county liable by law to pay said road tax. Two thousand road poll taxes can, and should be collected in the county this year, which, if done, should be sufficient of itself to place all the roads and bridge in the county in better condition than they ever have been.

DEER SLAYERS.—A couple of weeks since, T. O'Hanlon and J. Denison killed 12 deer on the ridge, near the Middle Fork, a short distance above Nelson Point. The Indians in this Valley have been feasting on venison for the past three weeks—they have killed a large number. The deer are said to be in good condition—not having been favored with a "choice ham," we cannot speak positively on the subject, only from hear say.

BY WHAT AUTHORITY?—At the November meeting of the Board of Supervisors, an order was made and entered upon the records, which authorized the County Auditor, upon the presentation of a certificate from T. J. True, that a satisfactory bridge had been built across Indian Creek, to draw a warrant upon the County Road Fund in favor of J. H. Whitlock for the sum of \$500. In looking over the Treasurer's books, we noticed the warrant above referred to, had been drawn and registered on the 9th of November, 1887. By what authority was the warrant issued? Did the Supervisors intend by their order, that the scrip should be drawn and the county be compelled to pay interest on the same before the bridge was completed? Who has called for the scrip—who has a right to receive the interest? We confess that we are too dull of comprehension to see the point in this matter.

VALEDICTORY.—As was anticipated, Mr. H. L. Gear's connection with the National as its Editor and Business Manager, ceased on Saturday last. In his valedictory which appeared in that paper last week, he returns thanks for favors received and comments his successor to the kind regard of the public. According to his statement, his "resignation of the trust," has been compelled by due regard to the duties of an official and professional nature devolving upon him in other capacities. Mr. G. has had charge of the National about 17 months. The "baby" was never very healthy, but by judicious nursing on the part of Mr. G. and by the large amount of "pap" furnished it by the Supervisors, it has got along to its "teething time" very comfortably. The change of nurses, may, and doubtless will be beneficial.

THE RACES.—We had the promise of a report of the Snow Shoe races, which came off at La Porte last week, but up to this time it has not come to hand. We learn that everything passed off finely; but two accidents occurred, and those of no very serious character. The Sawpit boys carried off nearly all of the large purses. A large crowd were in attendance, and the rivalry between the Sawpit, Gibsonville, Howard Flat, Whisky Diggings and Port Wine snow shoe runners, was very spirited. "Dope is King," and the Sawpit boys know how to make dope—fast dope.

ASSESSING.—The bill to change the time for commencing assessing property from the 1st of March to the 1st of May, has passed the Legislature and been approved by the Governor. The passage of that law will benefit Plumas county considerably. Heretofore, thousands of dollars worth of property, such as cattle, horses and mules belonging to citizens of this county which had been sent below to winter, have been assessed and the taxes collected in other counties before the roads were open in the Spring. The change in the time for commencing making assessments will block that game most effectually.

THE DIFFERENCE.—Bills were sent into the Board of Supervisors of Tehama Co., to do the County printing for one year from Feb. 8th, 1888, and opened by the Supervisors at their February meeting. The contract was awarded to the Sentinel for the sum of \$24 00, payable in monthly installments of \$2 00. The bid of the Independent (Rad.) was for \$288 00. A majority of the Board of Supervisors of Tehama belong to the Radical party, but they, unlike the present Board of Supervisors of Plumas, consider that the interests of the people should be first consulted, and those of party afterwards. The Supervisors of Plumas County take just the opposite ground.

ACCIDENT.—A few days since, Mr. J. C. Burn slipped from a ladder in his barn, and fell head-foremost a distance of several feet, striking upon the floor with considerable force. He fell broken by coming in contact with a girth or cross timber. Had he not struck the timber, he would doubtless have had a broken head if not a broken neck; but as it was, it gave him a only sore head and bruised shoulders.

FOR THE STATES.—A few days since, Mrs. Shecker, who, with her husband has resided in this Valley for the past two years, started for the Atlantic States. Mr. S. left several weeks ago, taking with him their only child. Not long since, Mr. and Mrs. S. had a disagreement which led to a separation, but it is to be hoped that when they meet at their old home, a reconciliation will take place and the parties again live happily together.

A JOKE ON SOMEBODY.—Everybody knows or has heard of "Baldy Johnson," that prince among "old time fellows," and the proprietor of the Magnolia, at Sacramento. We recently heard a pretty good joke on "Baldy." It runs, thus: Goodwin, ex member of the Board from this county, used to occupy a suit of rooms at the Magnolia, and always makes it his stopping place when at the Capital. A short time since, Buckbee, the present member, wishing to see Goodwin before he returned to Quincy, called at the Magnolia and asked if G. was still in the city. "Baldy" told him, no; that he had left that morning to go up country, and thinking that Buckbee was some miner or farmer from Plumas, he continued the conversation, by saying: "Why didn't you folks up in Plumas re elect Goodwin, he is a man of some ability; he's one of the 'old-time fellows,' he made a good representative and you ought to have reelected him instead of electing that man Buckbee whom nobody knows or even heard of. How is it, he is a man of little or no ability, ain't he?" Buckbee commenced smiling, whereupon "Baldy" asked his name. When told, he replied: "Well, Mr. Buckbee, that's just like me—always a little to fast. I don't know how to make any apology, but by G-rav, if you want a room in my house the balance of the session, you can have it, and it shan't cost you a dollar; but don't mention this little mistake of mine."

WALING.—Reports from the Plumas delegation, settled at Santa Barbara, are favorable. The country suits them and they are as happy as could be expected under the circumstances. We recently heard a pretty good joke on Capt. Walker, who has also concluded to settle in that vicinity: A dead whale had washed ashore, and was discovered by the Capt., who, acting as Skipper, and Scotty as First Mate, immediately started out with buckets, knives, etc., on a whaling expedition. "They had a good thing." After reaching the beach, upon a thorough examination, they found that the whale was too much decomposed to be of any value; so they started for home, where they arrived just as the family were eating supper. Suddenly, all the ladies jumped up and ran to the door, and the supper went out faster than it went down. The men who were eating, also came near gagging. Cause: the Capt. and Scotty were thoroughly perfumed with the "oil of whale." A change of clothing soon took place in camp, and "dead whale's" will hereafter be given a wide berth.

DEAD.—Charles Lohdell, assistant Editor of the La Cross Democrat, was one of the killed in the fearful Railroad accident which occurred near Rochester, N. Y., last month.
